CONDITIONS FOR USE OF METERS

1. For fire safety the meter must be removed from the hydrant each night and whenever not in use.
2. Service is subject to TUD's Water Rules and Regulations.
3. Applicant shall not allow hydrant flows to exceed *200 gallons* (28 cu. ft.) per minute for 2" meters and *50 gallons* (7 cu. ft.) for 1" meters. Flows shall be regulated by the meter valve, not the hydrant valve. The hydrant valve must be fully opened when in use.
4. Applicant shall open and close hydrant valves slowly - *2 minutes each way minimum*.
5. Hydrant meter rental is limited to one month, thereafter renewable in one month increments at the discretion of the District.
6. Meters shall be used *only* in locations approved by the District and specified above.
7. Applicant agrees that he/she will return meter in working condition and is aware that security deposit will not be refunded until this has been verified by appropriate TUD staff.
8. The District assumes no liability or responsibility as to the water quality or the suitability of water for consumptive, potable or any other purposes once it leaves the District's distributions system.

By signing this agreement, I understand and agree to the foregoing and further agree to hold TUD harmless and waive all rights to file a claim or other legal action against the District in respect to the water taken from the District's distribution system.
