**REQUEST FOR FLOW ANALYSIS**

The undersigned requests flow information from the Tuolumne Utilities District for the location described below. The undersigned acknowledges that this information is generated from computer modeling and that TUD does not guarantee accuracy of its analysis. TUD does not guarantee that any flows required by other agencies will be available at the site.

TUD will not require fees for any analysis performed in less than 30 minutes.

A flow analysis which requires more than 30 minutes will require a \$500 deposit. Work performed will be charged in 15 minute increments at \$44 per hour for analysis and \$120 per hour for engineering in accordance with "Exhibit D" of the TUD Water Rules and Regulations.
