

## **REGULATION NO. 10**

### **TEMPORARY SERVICE**

#### **10.01 Installation and Payment**

Except for construction water services described in §10.03, other temporary water service shall be limited to ninety (90) days, after which capacity fees shall be required. Service which does not require installation of a permanent connection shall require the installation of a meter, payment of a total estimated cost of installing and removing the connection and a reasonable security deposit for the meter. Service charges for any temporary service installed pursuant to this section shall be determined in accordance with the rates established by this ordinance.

#### **10.02 Service Through Fire Hydrants**

Temporary service for water used in construction shall be provided at locations approved by the District through portable meters furnished by the District. The District shall require, as a condition to such service, the payment of a reasonable security deposit for the meter and service charges and rates as specified in Exhibit B.5. Existing customers who have active water service accounts and are current with their account balances may be issued temporary hydrant meters without initial payment of a security deposit. Once a hydrant is checked out at the District office, a customer is required to return the hydrant within 48 hours of the original date it was checked out. If not returned within 48 hours, a security deposit ,as set forth in Exhibit B.5, will be charged to their account.

#### **10.03 Temporary Construction Service**

A temporary service shall be allowable for active commercial construction projects or residential developments of at least five (5) units, and that have not been dormant for more than thirty (30) days, up to the time of issuance of a final inspection or certificate of occupancy at which time the property owner shall be responsible to fully pay all associated capacity fees related to the water service and shall establish a monthly water service in accordance with the then current rates as established by the District.

#### **10.04 Temporary Emergency Connection**

Requests for temporary emergency connection to the District water system must demonstrate a serious health and safety related emergency and must be approved by the General Manager. Applicants for emergency connection shall be responsible to pay all costs related to that connection, including without limitation design, construction, in-lieu capacity, connection, and monthly rates in accordance with the then current rate schedule adopted by the District. Multiple requests for the same emergency connection may require permanent connection to the District's water system at the discretion of the General Manager.
