Qualification Requirements:

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Knowledge of:

- Federal, state and local rules and regulations, reporting and compliance requirements, as they pertain to the water treatment systems, operations and maintenance.
- Current District policies including, but not limited to, the MOU, Personnel Policy, IIPP as they relate to the effective management of division personnel.
- Principles of supervision, training, performance evaluations and effective personnel management.
- Rules and regulations pertaining to handling, storage, and disposal of hazardous and toxic materials and waste.
- Operation and application of Microsoft Office products (Excel, Word, Outlook, PowerPoint).
- Correct application and usage of the English language, including spelling, grammar and punctuation.
- Safe work methods and safety precautions as related to the job.
- Principles and methods of water treatment, distribution, measurement and recording equipment and standard water quality test.
- Procedures, materials and equipment used in the operation, maintenance and improvement of water treatment and distribution.
- Calculation of water flow and capacity, techniques and practices of regulation of water flows.

Responsibility to:

- Report any safety risks or hazards or any work assignment that you feel would require you, or the employees you supervise to perform the work in an unsafe manner.

Responsibility to ensure that all personnel under your supervision are:

- Obeying and promoting safe work practices.
- Properly trained in safe work practices and procedures.
- Operating equipment safely and properly and utilizing proper personal protective equipment.
- Acknowledging the use of safeguards by other employees. Reporting any removal, displacement, damage, destruction, or tampering of safety devices, safeguards, notices or warnings.
- Following OSHA regulations. (OSHA requires that those in supervisory positions ensure subordinate personnel adhere to the appropriate safety procedures in performing all duties. Failure to provide proper supervision may result in civil and/or criminal sanctions for the District and supervisor).

Skill/Ability to:

- Supervise and lead in a manner that fosters a work environment that is professional, courteous, and respectful, and that is free of insubordination, dishonesty or harassment of any kind.
- Actively and genuinely support District management to include the District's mission, management goals and objectives. Understand District policies (i.e. MOU, Personnel Policy, safety, etc) in order to effectively manage and evaluate department staff.
- Assist in the contract procurement and management of capital improvement and maintenance projects.
- Organize work, manage and set multiple priorities, meet deadlines, and complete projects and assignments independently and on time.
- Plan, organize, schedule, train, evaluate and supervise personnel directly and through subordinates.
- Establish and maintain effective working relationships with other superintendents, subordinates, the public, and other public and private agencies.
- Evaluate maintenance and operations needs of assigned systems, develop alternatives, provide technical advice and recommendations, and implement effective courses of action.
- Plan, develop and administer an annual department budget.
- Prepare clear, accurate and complete records and reports to meet required filing deadlines; organize, maintain and update records, files and logs; perform data entry and word processing accurately and expeditiously.
- Perform algebraic and geometrical calculations and metric conversions.
- Read, interpret, and implement procedures, regulations, and policies as established and required by regulatory agencies. Assess the condition and maintenance requirements of department facilities and determine the most appropriate method of repair with minimal impact to customers.
- Use, and supervise the use of, a variety of hand and power tools with skill and safety.
- Read and interpret road maps, piping and/or system diagrams, instructions, work orders, safety and operation manuals, letters, reports, memos, and messages.
- Resolve potential employee grievances and work disputes prior to formal grievance procedure.
- Make sound decisions based on experience and working with others.
- On a continuous basis, know and understand all aspects of the job.
- Participate in the recruitment of and recommend to Operations Manager or Human Resources Director the selection of full-time and temporary staff in accordance with fair and legal hiring practices. Coordinate or carry-out staff training.

Physical Demands:

The physical demands described herein are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly required to display verbal skills to effectively interface with other staff members, the public, other public agencies and contractors; ability to sit; stand; kneel; bend; squat; walk; climb and negotiate uneven terrain; ascend and descend steps, ladders and embankments; lift, push, pull and carry up to 50 lbs.; use hands and fingers to handle or feel objects and controls; and drive a vehicle in all weather conditions.

Specific vision abilities required by this job include close vision, distance vision, peripheral vision, and the ability to adjust focus.

Work Environment:

The work environment characteristics described below are representative of those an employee encounters while performing the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Outside: Drive a vehicle and perform tasks in a variety of weather conditions ranging from snow and ice to more than 100 degrees F. Work in confined work spaces and at heights, such as ladders.
- Inside: Work performed in areas that are frequently without temperature controls.
- Fumes/Gasses: Exposure to vapors and/or airborne particles from powder and liquid chemicals; gasoline fumes.
- Noise/Vibration: Exposure to generators.

Education and Experience Requirements:

Any combination of experience and education that would likely provide the required knowledge, skills and abilities may be qualifying as determined solely by the District. A typical way to obtain the knowledge, skills and abilities would be:

Education/Certification/License:

- High school diploma or general education degree (GED).
- Must possess a valid Class C California driver's license, have a satisfactory driving record, and be insurable by the District to operate District vehicles.
- Must possess a valid Grade 4 Water Treatment Operator (T4) certification issued by the State Water Resources Control Board (SWRCB).
- Must possess a valid Grade 2 Distribution Operator (D2) certification issued by the State Water Resources Control Board (SWRCB).
- Education as required to obtain and retain all required certifications.

Experience:

Minimum of five years of progressively responsible experience in the operations and maintenance of water treatment plants and water systems of comparable size and complexity, including two years of supervisory responsibility.

Work Hours:

The regular business hours of the District are 7:00 AM to 4:00 PM. It is recognized that this employee must devote a fair amount of time outside the normal business hours of the District, and to that end may be allowed to establish an appropriate work schedule with the prior approval of the Operations Manager. The schedule shall be appropriate to the needs of the District and department and shall allow for the assigned duties and responsibilities to be performed faithfully.

I agree to adhere to the requirements stated in this job description.
