Present Land Use/Zoning/General Plan Designation:

Vacant (former golf course)/ Recreational (K) SF Residential (R-1) (MX) / Parks and Recreation (R/P) Public (P), Low-density Residential (LDR)

Project Description: (please use a separate page if necessary)

The first phase of the proposed Project (the subject of analysis in the IS/MND) would comprise construction and operation of a water treatment facility with an initial operational capacity of 3 million gallons per day (mgd) to be ultimately increased to 5 mgd through future phased buildout. The proposed Project would include construction and operation of a new 30-acre-foot-capacity raw water reservoir, a raw water pump station, associated appurtenances and electrical structures, water conveyance pipelines and a stormwater detention basin as well as recreational amenities upon the TUD-owned parcel. New and replacement water transmission pipelines would be constructed offsite (within franchise position of roadways and within other public rights of way).

Note: The state Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
